Your Privacy

This page maps out our privacy policy encompassing the use and protection of information provided by portal visitors. In the event that your transaction or emails include personal information, bear in mind that this could be shared with other public agencies to facilitate service efficiency. For example, addressing complaints which need feedback from related agencies.

Information Captured

No personal information will be captured unknowingly whilst you browse this portal.

What happens when I click on a link in this portal?

The privacy policy stated here is only in effect for this web portal. Keep in mind that linked web pages will have different privacy policies which you are advised to read and understand accordingly.

Changes to this policy

Any amendments to our privacy policy will be posted here. We will also regularly update you on issues related to data collection, usage, and sharing, on this page.
